

High yield and good health

Advantages

Early variety
High yield 9-11t/ha
High bulk density
Excellent health

Agronomic properties

Sowing 20.9. - 20.10.
Yield: 3.2-4 million
Reproduction: excellent
Hardiness: excellent
Lodging: medium
Medium: high
Ears: spurred

Quality

N substances above 12,5-13%
Fall number: 380 s
Zeleny test 45-55 ml
Bulk density over 790-800 g/l

Alveographic quality

W 170-190
P/L 1,0-1,9

Disease resistance

Powdery mildew: medium hardy
Fusarium: moderately resistant
Wheat rust: very resistant
Septoria: very resistant
